

INGENIERO VICTOR LEÓN

Full-Stack Developer

+584249321489 • vdleon30@gmail.com • <https://www.linkedin.com/in/victor-león> • Venezuela

Summary

Full-stack Developer with over 7 years of experience working primarily with Laravel, Angular, and React frameworks, and a strong command of PHP, JavaScript, and JQuery. I have successfully led projects in E-commerce, language learning websites, and custom web/mobile platforms. Additionally, I have experience with Spring Boot, WordPress, and Golang. My goal is to apply my Full-stack development skills and self-taught approach to drive the success of innovative projects, contributing to the growth and efficiency of companies that value technological excellence.
